Hawai'i Community Development Authority

The Hawai'i Community Development Authority (HCDA), a State agency that was established by the State Legislature in 1976, supplements traditional community renewal methods by promoting and coordinating public and private sector community development in urban areas in the State that are in need of timely redevelopment.

In creating the HCDA, the Legislature designated the Kaka'ako area of Honolulu as the Authority's first Community Development District, recognizing the area's potential for increased growth and development and its inherent economic importance to Honolulu as well as the State.

This Legislative vision realizes that mixed use redevelopment of Kaka'ako will offer tremendous opportunities for housing, parks, open areas, and new commercial and industrial space in close proximity to downtown Honolulu.
