Aloha Members of HCDA,

I thank you for the opportunity to voice my opinion of the future of Kewalo Basin.

As an avid water person, the Ala Moana and Kewalo Basin area is of high importance to me. I use the area on a daily basis.

It would highly encourage members of the committee to consider a cohesive plan that is of best use for the community. A piece meal plan with benefits to only outside users (e.g. wedding chapel) would not serve the community well.

A plan that would serve the current and future harbor users, residents, and community at large would not only generate additional tax revenue for the city and state, but make Kewalo Basin the destination that it deserves to be.

Mahalo for you kind attention.  
Dwight Synan
