II. APPROVAL OF MINUTES

III. ACTION ITEMS
Shall the Authority Authorize the Interim Executive Director to Expend Capital Improvement Project (CIP) Funds in the Amount of $3 Million from Fiscal Year 2017’s Appropriation and Enter into Design and Construction Contracts and all other Necessary Agreements to Complete the Kalaeloa Energy Corridor – Enterprise Avenue, Phase 2 project in the Kalaeloa Community Development Distric (KCDD)?

Mr. Deepak Neupane referred to the report provided in the board packet and noted that this is the last portion of the funding for the board’s authorization to expend CIP funds allocated from the 2017 Legislative session for the Kalaeloa Energy Corridor project. Mr. Neupane noted that the first phase of the project is being done by Paul’s Electric and should be completed by the end of 2018. The second phase of the project has been solicited with Paul’s Electric bid coming in lower than the anticipated budget. The second phase will take the line to the Kalaeloa Airport; however, the line from the first phase to the second phase will not be energized due to a lack of funds. Mr. Neupane is working with Department of Transportation and the National Guard to explore whether their agencies have funds to energize the line, if not, as the infrastructure will be in place, DOT and the National Guard can work with HECO to energize the line.

Chair Whalen asked what is the projected completion date?

Mr. Neupane stated the timeline for the second phase of the project is 18 months.

Member Swinney asked if the National Guard is charged a fee for accessing the utility line?

Mr. Neupane responded that HECO charges a fee to access the energy line.

MOTION
Member Swinney motioned for the Authority to Authorize the Interim Executive Director to Expend Capital Improvement Project (CIP) Funds in the Amount of $3 Million from Fiscal Year 2017’s Appropriation and Enter into Design and Construction Contracts and all other Necessary Agreements to Complete the Kalaeloa Energy Corridor – Enterprise Avenue, Phase 2 project in the Kalaeloa Community Development Distric (KCDD)?

Member Timson seconded.

Member Fang asked if the Department of Transportation or National Guard indicated they have funds to activate line?
Mr. Neupane responded stating that he met with the National Guard and Department of Transportation before Phase 1 started and explained that the budget allocated is not
sufficient to energize the infrastructure that will be conducted for Phase 2. Mr. Neupane noted that he will meet with National Guard and Department of Transportation again to continue those discussions.

There were no further questions and no public testimony.

Mr. Neupane conducted the roll call vote. Motion passed with 8 yes votes and 1 excused.
