Kalaeloa Construction

FDR Ave: Changes from 2-lanes to 4-lanes along the entire length of the project with two lanes in each direction. This new segment will have sidewalks on both sides of the road, which will increase walkability in the area.

Kamokila Blvd: Kamokila's 4-lane roadway extends into the Kalaeloa project. The Kamokila extension will also have two travel lanes going in both directions with bike lanes continuing on both sides of the roadway.

Hunt is beginning infrastructure construction and significant road improvements in Kalaeloa as part of its commitment to revitalize the community and bring jobs and homes to the area for local residents. We appreciate your patience and understanding. Our top priorities are to ensure the safety of drivers, pedestrians and construction crews and to provide easily accessible travel routes in the area. Hunt's construction team has worked extensively to minimize traffic impacts.

Our goal is to complete these necessary improvements as efficiently as possible while providing safe access in and around Kalaeloa with minimal interruption. You will find updates at our website. If you have any questions, feel free to reach out to the email address below:
