Austin Van Heusen

BOC Level 1, CEA, CBCP, LEED AP

Summary of Qualifications

Austin is one of seven LEED AP Homes credentialed professionals in Hawaii and one of three HERS Raters in Hawaii, all employed by Green Building Hawaii, a division of EnergyLogic. The Green Building Hawaii team has certified hundreds of single-family LEED homes and several multi-family LEED buildings with a 100% success rate.

Professional Experience

Energy Efficiency Specialist, Project Manager and Sustainability Certification Consultant

Green Building Hawaii | 2013 to Present

As an energy efficiency specialist Austin leads all energy related credits in the LEED certification process for homes and commercial buildings. As a certified HERS rater, Austin provides home inspection and building performance testing for most of the LEED homes that Green Building Hawaii certifies throughout the state.

Project Manager of Waste Sort Initiatives

Sustainable Pacific Consulting | 2017 to Present

Austin coordinates and manages waste sort projects throughout the state for commercial facilities.

Internship Coordinator and Program Administrator for the Sustainable Living Institute of Maui at the University of Hawaii

Maui College | 2013 to 2018

Overseeing all internship programs associated with the Sustainable Living Institute of Maui, including Hyatt Regency LED lighting retrofit, INNOVATE Hawaii manufacturing consulting internship and Fairmont Kea Lani LED lighting retrofit programs.
