

A virtual presentation by JBT Avure Technologies

What can a High Pressure Processing (HPP) machine and Food Scientist do for you?

Join us for an informational presentation led by an HPP Food Scientist. Learn how High Pressure Processing works, the types of foods that may be suitable for HPP, and the benefits this technology affords.

Wednesday, October 27, 2021

10:30 am - 12:00 pm HST
