

Notice of Informational Briefing
Relating to the Transfer of Title of Roadway Parcels Owned by
the Hawaii Community Development Authority to the City and County of Honolulu

In accordance with Section 171-64.7 of the Hawaii Revised Statutes (HRS), the Hawaii Community Development Authority (HCDA) will be conducting an informational briefing to discuss the proposed transfer of title of HCDA-owned roadway parcels to the City and County of Honolulu (City). These roadway parcels are portions of several roads in the Kakaako Community Development District. The majority of the parcels were acquired by the HCDA for road widening purposes during the construction of previous HCDA Improvement District Projects. The HCDA is proposing the transfer of ownership of the roadway parcels to the City because the City has the necessary resources to properly regulate and maintain roads.
