

HAWAI‘I COMMUNITY DEVELOPMENT AUTHORITY

GENERAL PARK GUIDELINES

- Power is NOT provided at any park. If you require electricity, you must bring in your own generator and all applicable equipment (i.e. sound systems, lighting, etc.).
- Generator powered lights are required for all evening events. Please note their locations in your event layout map.
- All stages must remain on ground level. Refrain from setting up stages on the hills.
- All sound/ speaker systems must face directly to the ocean and amplified sound must remain moderate and follow the Hawai‘i Administrative Rules of the Department of Health, Title 11 Chapter 46, "Community Noise Control."
- All vehicles on property must adhere to the 5 MPH, at all times, when driving on park property. Do not block pathways at ANY time.
- Permittee acknowledges that others use portions of the Property and will not interfere with their ingress/egress or use thereof. Permittee shall not interfere with the normal operations of the park from the HCDA contractors as well as park users.
- Parks close at 10:00 p.m. All persons remaining in the park and vehicles parked in the parking lots must vacate promptly by 10:00 p.m. to avoid being cited or towed at owner's expense.
- The applicant is responsible for repairing any damage to the premises, including damage caused by your vendors and/ or event attendees.

The HCDA has the right to immediately terminate the park permit without prior notification and without reimbursement to the permittee, should the permittee fail to comply with the park guidelines. The Permittee will bear all costs associated with the event. The Permittee may also be subject to further penalties and all future permit requests may be denied.
