SUBCHAPTER 1

GENERAL CONTROLS

§15-213-1 Applicability of statutes, traffic codes, and ordinances. State statutes, the traffic code and any other applicable ordinances of the city and county of Honolulu, shall apply to the operation of motor vehicles on the parking areas, piers, and roadways of the harbor just as though the parking areas, piers, and roadways were a part of the public streets, roads or highways of the particular county involved and are incorporated by reference in these rules. [Eff DEC 03 2008] (Auth: HRS §206E-4) (Imp: HRS §206E-4)

§15-213-2 Jurisdiction of harbormaster over vehicles. Any vehicle operating on any pier or within the harbor facility shall be subject to the jurisdiction and control of the harbormaster.
[Eff DEC 03 2008] (Auth: HRS §206E-4) (Imp: HRS §206E-4)

§15-213-3 Licensing, safety inspection and insurance. No motor vehicle shall be operated or parked at the Kewalo Basin unless such vehicle is currently licensed and registered by the appropriate governmental agency and has the requisite evidence of a valid and current safety inspection. No motor vehicle shall be operated, used or parked at Kewalo Basin facility unless such motor vehicle is insured at all times under a no-fault policy which provides the coverage required by chapter 431:10C-301, Hawaii Revised Statutes. [Eff DEC 03 2008] (Auth: HRS §206E-4) (Imp: HRS §206E-4)

§15-213-4 Operation of vehicles. (a) No motor vehicle shall be operated on a pier or within the harbor facility in a careless or negligent manner or in disregard of the rights and safety of others, or without due caution or circumspection, or at a speed or in a manner which endangers or is likely to endanger persons or property, or while the operator thereof is under the influence of intoxicating liquor, narcotic or habit-forming drug, or if such vehicle is so constructed, equipped, loaded or in such other condition as to endanger or be likely to endanger other persons or the property of another.

(b) No person shall operate or use a motor vehicle on the pier or within the Kewalo Basin facility, unless the person is restrained by a seat belt assembly. While the motor vehicle is in use or operation, every passenger:

- (1) Age four or over in the front seat of a motor vehicle shall be restrained by a seat belt assembly;

- (2) Age seventeen or under in the back seat of a motor vehicle shall be restrained by a seat belt assembly; and
- (3) Age of less than four shall be restrained by an approved child passenger restraint system in the front seat or back seat.

(c) In addition to subsections (a) and (b) above, no person shall stand in the bed of any pickup truck while the pickup truck is in operation. For the purposes of this subsection, a "pickup truck" is defined as a truck with a cab on the front part of the vehicle covering the driver's seat, a bed behind the cab designed primarily to transport property or cargo, with sides and a tailgate to retain the contents within the confines of the bed, and has a maximum gross vehicle weight rating of 11,000 pounds or less. No operator of any pickup truck shall operate the vehicle with a passenger(s) in the bed of the vehicle 12-years old or younger, nor with any passenger(s) older than 12 unless the passenger(s) is seated and the following conditions are met:

- (1) There is no seating available in the cab of the vehicle;
 - (2) The sides of the bed are securely attached and the tailgate is securely closed; and
 - (3) Every passenger in the bed of the pickup truck is seated in the bed and does not attempt to control unlash cargo. This subsection shall not apply to persons identified in section 291-14(b), Hawaii Revised Statutes. [Eff. DEC 03 2008]
- (Auth: HRS §206E-4) (Imp: HRS §206E-4)

§15-213-5 Traffic controls. All persons operating a motor vehicle on a pier or within the harbor facility must comply with any lawful order, notice, signal or direction of any county police officer, Kewalo basin security vendor, state law enforcement officer, or special police officer. When such traffic is controlled by traffic lights, signs,

mechanical or electrical signals or pavement markings, such lights, signs, signals and markings on the pier or within the Kewalo Basin facility shall be obeyed unless directed otherwise by any county police officer, Kewalo basin security vendor, state law enforcement officer, or special police officer.

§15-213-20 Parking stalls; authorization. The HCDA may establish, mark, and designate, where there is need therefore, a consecutive series of parking stalls for the parallel or angle parking of motor vehicles upon any area so designated for that purpose. Wherever parking stalls are so established, marked off, and designated, the driver of any vehicle, excepting only single vehicles of a greater length or width, shall park such vehicle completely within a designated stall. Unless otherwise authorized, each stall shall be for the use of a single vehicle only, and it shall be unlawful for the driver of any vehicle to park such vehicle in a stall already occupied by another vehicle. When traffic cones are used by proper authority to temporarily control the flow of traffic in lanes other than designated by the permanent pavement markings, the lines designated by the cones shall have the same regulatory effect as the permanent markings. Except in a period of emergency determined by the HCDA, an officer of a county fire or police department, or state law enforcement officer, or in compliance with the directions of a police officer, Kewalo basin security vendor, state law enforcement officer, or traffic control sign or signal when, during meter operating hours, any vehicle is parked, stopped or standing in any parking stall alongside or next to which a parking meter is located, the operator of such vehicle shall, upon entering the parking stall, immediately deposit or cause to be deposited in the parking meter, such proper coin of the United States as is required for such parking meter. When designated by proper directions on the meter, and when required by the directions on the meter, the operator of such vehicle, after the deposit of the proper coin

Notwithstanding any other provisions of this part to the contrary, a person may park a motor vehicle in a parking stall, in a parking meter zone, in excess of the time limit and without

depositing coins in the parking meter located adjacent to the parking stall if the person has been issued by the HCDA a parking permit in the form of a card to be displayed on a dashboard, or a decal on the bumper, and displays this permit for the designated parking area.
