AFFIDAVIT AND WRITTEN TESTIMONY OF NOLAN BORDEN

STATE OF HAWAII)
) SS.
CITY AND COUNTY OF HONOLULU)

I, **NOLAN BORDEN**, being first duly sworn on oath, deposes and says as follows:

- I am currently a member and authorized representative with Baranof Holdings Investor Queen Street LLC (the “**Applicant**”), the applicant which has submitted an application for a development permit from the Hawaii Community Development Authority (“**HCDA**”).

The Hawaii Community Development Authority of the State of Hawaii
In re Application of Baranof Holdings Investor Queen Street, LLC
Applicant for Development Permit for Tax Map Key Nos (1) 2-1-049-011,
(1) 2-1-049-033 and (1) 2-1-049-032
Application No. KAK 18-054

2. The application requests a development permit to (a) demolish five (5) existing single story warehouse structures presently located on the development site (which includes Tax Map Key Nos. (1) 2-1-048-011, -032 and -033, hereinafter the “**Property**”) and (b) construct two (2) new buildings, including a one (1) story building with street frontage along Queen Street and a five (5) story building with street frontage along Kawaiahao Street.

3. I am the project manager for the Applicant and I am authorized to represent and speak on its behalf.

4. As the project manager, I have been directly involved in all aspects of this development, including the preparation and submission of the Application for Development Permit, submitted on October 31, 2019 and have direct knowledge of all matters and all documents submitted as part of that Application.

5. All of the plans, supporting documents and reports which are attached and included as part of the Application, or submitted directly to HCDA and noted on its website are true and correct copies of the originals as received by the Applicant and we request that they be considered as direct evidence in support of Applicant’s Application for Development Permit.

6. I am submitting together this this written testimony, my resume, which is true and correct and accurately reflects my educational background as well as my extensive experience both in Hawaii and in other jurisdictions in the Continental United States in the field of development of commercial projects of similar or larger size and complexity than the current project.

7. I am competent to testify on all matters contained herein.

AUTHORIZATION

8. The fee owner of the Property is Hawaiian Securities & Realty, LLC, a Hawaii limited liability company (the “Fee Owner”).
9. Applicant received the consent and approval of the Fee Owner for this project as reflected by the owner’s signature on the face of the permit application.
10. Applicant entered into that certain Ground Lease dated September 1, 2018, which Ground Lease expires August 31, 2078 and contains no extension options.
11. A Memorandum of Lease was filed with the State of Hawaii Bureau of Conveyances on September 13, 2018 as Document No. T – 10482223, CT 53375, a true and correct copy of which is attached as **Exhibit “8”** to Applicant’s Exhibit List.

BRIEF DESCRIPTION

12. This project sometimes referred to as the “Kaka’ako Retail and Storage” is a mixed use project consisting of ground floor retail and multi-story self-storage facility. It will consist of approximately 111,766 square feet industrial use and 11, 564 of ground floor retail space. The one story leasing office along Queen Street makes up 1,025 square feet of the overall industrial use described above. This project includes six (6) large loading spaces and nine (9) parking stalls. The proposed storage building will have a large drive-through covered loading area that has a one-way exist onto Kawaiahao Street.
13. Applicant is not seeking any variances from any of the applicable zoning and development requirements set forth in HCDA’s Mauka Area Rules and Plans. This project, as proposed is within all of HCDA’s applicable requirements and restrictions.

PUBLIC BENEFIT

14. If approved, the Applicant would replace five (5) dilapidated, warehouse buildings currently located on the Property, which are unoccupied and not being used. The new buildings will be new Class A structures, which is consistent with HCDA's Mauka Area Plan. The development would provide new sidewalks, street trees, and furnishings on its lot and add to walkability of this area. Consistent with the recommendation of the HCDA Design Advisory Board, the Applicant modified its original plan and provided for ground floor retail space to increase and improve the pedestrian experience in the Kaka'ako area.

15. Applicant's research indicates there is a strong and ever growing demand for self-storage facilities in Kaka'ako area, due to the increased multifamily housing development occurring in this area. Both the increasing number of new multi-family units being developed in Kaka'ako combined with the trend towards smaller living units underscores this growing demand for self-storage spaces. There has also been a complete lack of self-storage development in the last 10 years in this general area, which as lead to a deficit of supply of self-storage space.

16. This project will not only meet this need, but in the process supports HCDA's overall goal of increasing the density and the number of reasonably priced residential units available in this urban core. The subject project supports HCDA's goal by allowing individuals to live in smaller, more affordable units and store their extra items in storage space when necessary.

17. In compliance with Chapter 217, Hawaii Administrative Rules (“**Mauka Area Rules**”), and in particular HAR Section 15-217-65, the project will satisfy its land dedication requirement of 3% of the total commercial floor area by way of a cash-in-lieu.

18. Further, the Building Plans submitted as part of the Application reflect that the 5th floor balcony is being dedicated to Open Space totaling approximately 6,916 square feet. In addition to the 6,916 square feet of Open Space, the 5th floor also includes a catering kitchen. The goal is to make this space available as for rent for community events, which was an excellent idea proposed by the Design Review Board.

COMPLIANCE WITH PUBLIC NOTICE REQUIREMENTS

19. Attached as **Exhibit “E”** to the Application on file with the HCDA is a true and correct copy of the minutes of the Ala Moana-Kaka’ako Neighborhood Board meeting held on Tuesday, July 23, 2019 at which time I made a presentation to the Board describing this proposed project. At the conclusion of that presentation, there were no questions, no comments and no discussion reflecting any opposition to this project.

20. Attached as **Exhibit “1”** to Applicant’s Exhibit List is a true and correct copy of the Certification of Notification, filed by Applicant. As the author and the person responsible for the implementation of this notification, I am affirming that the required public notices were sent to all of the required government agencies together with the members of the public who reside or whose addresses are within 300 feet of the subject Property.

21. Attached as **Exhibit “4”** to the Applicant’s Exhibit List is a true and correct copy of the Final Notice of Public Hearing, a copy of which was published in the Honolulu Advertiser on Wednesday, November 20th, 2019.

22. That Final Notice of Public Hearing advised any and all interested parties to submit their requests for intervention to Applicant’s counsel Charles D. Hunter, Esq. at 999 Bishop Street, Ste. 2600, Honolulu, Hawaii 96813 not later than December 17, 2019.

23. I am informed and believe no such request for intervention was filed, received or postmarked by the December 17, 2019 deadline. Further, neither of us have received any calls from any party seeking to intervene in this proceedings or voicing any opposition to this proposed project.

CONSULTANTS ENGAGED TO ASSIST IN THIS PROJECT

24. Applicant enlisted the design assistance of the commercial design firm Ware Malcomb for the design and drawings, but have engaged and utilized the following Hawaii consultants: RM Towill Corporation and in particular Mr. Gordon Ring, P.E. LEED AP (Civil Engineering and LEED compliance, Shinsato Engineering, Inc, (Geotechnical Engineers), Baldrige & Associates Structure Engineering (Structural), Brownlie & Lee (Landscape Architect) , Wilson Okamoto Corporation for the Traffic Study.

25. Swinerton Builders has been selected as the General Contractor. Swinerton’s subconsultants include Dorvin De. Leis Co., Inc as the Mechanical and Plumbing Engineer and D. Suehiro Electric, Inc. is the identified electrical contractor.

26. Cultural Surveys Hawai'i, LLC ("**CSH**") has been engaged as its Archeology consultant.

RESPONSES FROM GOVERNMENT AGENCIES

27. Already on file with the HCDA and attached as **Exhibit "B"** to the Application for Development Permit are true and correct copies the responses and approvals Applicant received from government agencies and/or public utilities as of October 31, 2019, the date of the submission of the Application. It includes the following:

- a. Letter dated July 11, 2018 from Garrett H. Kamemoto, then the Interim Executive Director, Acting, recognizing that there was "adequate infrastructure capacity at the Project location within the CK Neighborhood Zone to support the infrastructure needs of the Project. Therefore, the HCDA Interim Executive Director finds that there is adequate infrastructure capacity in the area to support a density of 3.5 as requested by Baranof. Baranof's use of a base FAR of 3.5 for the Project is consistent with the provisions of § 15-217-57 of the Mauka Area Rules."
- b. Approved Sewer Connection Application from the City and County of Honolulu, in 2018/SCA-0474.
- c. Letter from the Board of Water Supply dated April 17, 2018 confirming the existing water system infrastructure can support Applicant's proposed development.
- d. Letter from Hawaii Electric Company dated March 21, 2018 confirming there are existing distribution circuits that can be used to support the proposed development and confirming its willingness to serve this project's needs.

28. Attached as **Exhibit "1"** to Applicant's Exhibit List is a true and correct copy of this Affidavit and Written Testimony.

29. Attached as **Exhibit "2"** to Applicant's Exhibit List is a true and correct copy of my resume.

30. Attached as **Exhibit “3”** to Applicant’s Exhibit List is a true and correct copy of the Affidavit of Mailing Notice of Public Hearings.

31. Attached as **Exhibit “4”** to Applicant’s Exhibit List is a true and correct copy of the Final Notice of Public Hearing.

32. Attached as **Exhibit “5”** to Applicant’s Exhibit List is a true and correct copy of the Written Testimony of Gordon Ring, PE, LEED AP.

33. Attached as **Exhibit “6”** to Applicant’s Exhibit List is a true and correct copy of the resume of Gordon Ring, PE, LEED AP.

34. Attached as **Exhibit “7”** to Applicant’s Exhibit List is a true and correct copy of a presentation describing the Project.

35. Attached as **Exhibit “8”** to Applicant’s Exhibit List is a true and correct copy of a Memorandum of Lease for the Property filed with the State of Hawaii Bureau of Conveyances on September 13, 2018 as Document No. T – 10482223, CT 53375.

RESPONSES FROM STATE HISTORIC PRESERVATION DIVISION (“SHPD”)

36. Also already on file with the HCDA and attached as Exhibit “D” to the Application, is a copy of the letter HCDA dated September 30, 2019 received from the Alan S. Downer, SHPD, in compliance with the requirements of HRS 6E-42 subject to the implementation of the mitigation requirements listed in that letter.

37. The letter accepted the Draft Archeological Inventory Survey completed by CSH as “final” subject to the submission of the same survey marked “Final” to SHPD, and subject the future preparation of an archeological monitoring procedures to be put in place during

development along with a “Historic American Building Survey” (HABS) short report prepared for each of the eligible buildings listed in the letter.

38. Already on file with HCDA and attached as part of **Exhibit “D”** to the Application is a true and correct copy of the draft Archeological Monitoring Plan prepared by CSH, dated October 2019, which is in the final stages of review with SHPD.

39. The Applicant will implement the Archeological Monitoring Plan approved by SHPD during the development and construction of this project.

40. Already on file with the HCDA and attached as **Exhibit “C”** to the Application is a copy of the General Meeting Notice of the Design Advisory Board Review Meeting held on July 10, 2018 for this project. The meeting occurred on July 9, 2018.

41. Of the nine (9) recommendations listed, Applicant is implementing Items 6, 7, 8, and 9 almost entirely. For recommendations suggesting inclusion of residential use as part of this commercial site, Applicant considered it, but determined this was not feasible given the financing and capital returns within which the Applicant must work.

42. With regard to the design proposals, Applicant is considering utilizing the continuous canopy across the entire Kawaiahao elevation of the building. The Applicant has renderings showing a continuous canopy as well as canopies strictly over the retail access doors. The design team feels that separated canopies give a better aesthetic look, but the applicant is open to either design.

43. With regard to the comments and or recommendations related to the open space, Applicant has designed the Open Space to be suitable to be leased out for community events.

Regarding comment 8 related to access, in order to keep the building secure all Open Space access will occur through the elevators in the central core of the building. Access to these elevators will be granted through employees of the self-storage building.

SUMMARY

44. Applicant respectfully requests HCDA's approval of its Application for a Development Permit, as reflected in its Application, as the same has been or is amended during this approval process.

45. Nolan Borden declares under penalty of perjury of the laws of the State of Hawaii that the foregoing is true and correct.

Application Date: November 20, 2019
Permit Number: KAK 18-054
Applicant: Baranof Holdings Investor Queen Street, LLC
Tax Map Key(s) (TMK): (1) 2-1-049:011, 033, and 032
Project Location: 868 Queen Street, 819, 825, 835, and 841 Kawaiahao Street

Description: Development Permit Application (“Application”) for the construction of a proposed retail and self-storage facility at 868 Queen Street, 819, 825, 835, and 841 Kawaiahao Street, TMK Nos. (1) 2-1-049:011, 033, and 032 (“Project”), consisting of: (1) a single story structure that will house the offices for the self-storage facility and (2) a five-story structure located on Kawaiahao Street will house the self-storage units on the second through fifth floors and commercial use on the ground/first floor.

The proposed Project, which involves 11,564 square feet of commercial use and 111,766 square feet of industrial use, also includes parking and loading areas, landscaping and a trash enclosure area.

In accordance with HAR §15-219-49 interested persons may petition to intervene to participate as a party in this hearing by filing a timely written motion and providing 30 copies of such written motion at the HCDA office located at 547 Queen Street, Honolulu, Hawaii 96813, no later than 4:30 p.m. on Tuesday, December 10, 2019, and serving copies upon the Applicant at 999 Bishop Street, Suite 2600, Honolulu, Hawaii 96813, Attn: Charles Hunter. The Authority will act on any motions to intervene on Tuesday, December 17, 2019, at which time all the parties to this proceeding will be established.

January 8, 2020 Presentation Hearing

The purpose of the Presentation Hearing is to allow the Applicant to present the proposed Project, to allow any other party the opportunity to present its position, and to provide the general public with the opportunity to present oral and/or written testimony.

February 5, 2020 Decision-Making Hearing

The purpose of the Decision-Making Hearing is to allow for additional oral and/or written comments from the general public on the Application prior to decision-making action by the

Authority on the Application. If the Authority adopts a proposed decision and order which is adverse to a party, the party adversely affected will be allowed to file written comments and/or exceptions to the Authority's proposed Decision and Order. Thereafter, the Authority will engage in final decision-making at a further hearing to be held on March 4, 2020.

Any party may retain legal counsel, appear on his/her own behalf, or send a representative if the party is a partnership, corporation, trust, or association.

Copies of the Development Permit Application are available for inspection during regular business hours at the HCDA office, located at 547 Queen Street, 5th Floor, Honolulu, Hawaii 96813, or will be mailed to anyone who requests a copy after payment has been made for copying and postage costs. A copy of the Development Permit Application may also be accessed online and downloaded from the HCDA website: dbedt.hawaii.gov/hcda. To request a copy of the Development Permit Application or to submit written comments, please contact the HCDA on or before the date of the public hearing. Written comments will be accepted through the HCDA website at dbedt.hawaii.gov/hcda until 12:00 p.m. the day before the respective public hearing dates ("Written Comments Deadline"). Persons wishing to submit public comments after the Written Comments Deadline are encouraged to appear in person at the public hearing to their comments. Persons who intend to present comments on the above-listed Application shall sign-up at the beginning of the public hearing. Persons who intend to submit written comments shall submit 30 copies of their statements by 12:00 p.m., on the day before the public hearing. Please be advised that all written public comments submitted to the HCDA will be treated as a public record and, therefore, any contact information contained therein may be available for public inspection and copying. The Chairperson may limit public oral testimony to three minutes per speaker and speakers may be subject to questioning by the members of the Authority or by any other representative of the Authority. For any questions or concerns regarding the above, please call the HCDA office at 594-0300.

Individuals who need auxiliary aids for effective communication are invited to contact Ms. Francine Murray, HCDA's ADA Compliance Coordinator at 594-0300, or by facsimile at 587-0299 at least five working days prior to the date required.

(1) 2-1-049-033 and (1) 2-1-049-032
Application No. KAK 18-054

2. I graduated from Santa Clara University in 1993 with a B.S. degree in Civil Engineering.

3. I have been working with Baranof Holdings Investor Queen Street LLC (the “**Applicant**”) on design and engineering matters for Applicant’s property located on Tax Map Key Nos. (1) 2-1-048-011, -032 and -033 (hereinafter the “**Property**”).

4. The Applicant has submitted an application for a development permit for the Property from the Hawaii Community Development Authority (“**HCDA**”).

5. The application requests a development permit to (a) demolish five (5) existing single story warehouse structures presently located on the development site and (b) construct two (2) new buildings, including a one (1) story building with street frontage along Queen Street and a five (5) story building with street frontage along Kawaihāo Street (the “**Project**”).

6. I have provided Applicant with civil engineering design for the Project, including designing the water, sewer, drainage, and utility connections from the building to the roadways, and also designed the site improvements and grading for the Project.

7. I have reviewed HCDA’s Mauka Area Rules and have confirmed that the proposed Project complies with the Mauka Area Rules standards as is noted in Exhibit “A” to Applicant’s Application package, which is a true and correct copy of the Project Summary and Entitlements.

8. All of the plans, supporting documents and reports which are attached and included as part of the Application, or submitted directly to HCDA and noted on its website are true and correct copies of the originals as received by the Applicant.

PROFESSIONAL EXPERIENCE

Mr. Ring has designed roadway, sewer, water and drainage systems, grading, and building site development. His experience includes site design for retail, commercial, light industrial and military facilities; airports; schools; hospitals; barracks, dormitories, single-family and multi-family residences; parks, recreational facilities, and clubhouses; and other types of facilities and buildings. He is knowledgeable and skilled in the application of various standards and criteria pertinent to those facilities, such as Americans with Disabilities Act Accessibility Guidelines, Department of Defense force protection (security) criteria, low-impact design, and Leadership in Energy and Environmental Design (LEED) criteria.

All of Mr. Ring's projects have included Services during Construction in which he has worked with contractors, vendors and the owner to coordinate and resolve design and construction issues.

SELF STORAGE LAND USE CHARACTERISTICS

- Lowest traffic generator of the 900 land uses studied by ITE (Institute of Transportation Engineers)
- Facility peak time is typically during non-commuting hours
- Allows for utilization of awkwardly shaped tracts
- Low noise generation
- Environmentally responsible
 - Low water usage
 - Highly energy efficient and high solar energy potential

BUSINESS PRACTICES

- Extra Space Storage is the 2nd largest operator of self-storage in the US
- Over 1,600 locations nationwide
- Provides clean, safe storage solutions
- On-site manager and employees present
- Access to units limited to 6:00 AM – 10:00 PM
- Gated, secure loading areas

SECURITY FEATURES

Keypads

- Restrict access to non-customers
- Only allows access during business hours
- Allows management to track when individual customers enter and leave the facility

Security Cameras

- Security cameras are placed in the leasing office, all entry/exit doors, elevator lobbies, and parking areas
- Allow management to monitor the facility in real-time

RENDERING

Customer Traffic/Parking Information

- Average number of customers per day: **5**
- Average length of visit: **30 minutes**
- Peak number of vehicles observed onsite: **6-10**
- Peak times of day: **10am-11am & 5pm-7pm**
- Peak day of the week: **Saturday**

TRAFFIC GENERATION

VII. CONCLUSION

The proposed project entails the construction of a five-story building and two-single story-buildings to house approximately 128,000 square feet of self-storage space and associated ancillary uses. With the implementation of the aforementioned recommendations and the relatively low traffic-generating characteristic of the project, traffic operations at the study intersections with the development of the proposed self-storage facility are expected to continue operating at levels of service similar to without project conditions. In addition, the total traffic volumes entering the study intersections along Queen Street and Cooke Street are expected to increase by less than 1% during both peak periods. These increases in the total traffic volumes are in the range of daily volume fluctuations along the surrounding roadways and represent a minimal increase in the overall traffic volumes. As such, the New Self-Storage Facility – 868 Queen Street is not expected to have a significant impact on traffic operations in the project vicinity.

STATEMENT OF PETE PASCUA, P.E.

**PROJECT: New Self-Storage Facility
 868 Queen Street
 Kaka’ako, Oahu Hawaii**

My name is Pete Pascua. I am a Licensed Professional Civil Engineer and Vice President and Director of Traffic Engineering at Wilson Okamoto Corporation, a Hawaii-based engineering consulting firm. I have been with the Wilson Okamoto Corporation for approximately 25 years, since 1995. My career in engineering spans over 30 years.

I have prepared numerous and various types of traffic reports such as traffic impact studies, parking and loading studies, construction traffic management plans, traffic queuing and delay studies, transportation management plans, and many related others.

Wilson Okamoto Corporation was retained by Baranof Holdings to undertake the preparation of a traffic impact analysis and report (TIAR) to identify and assess the potential traffic impacts and necessary mitigation measures resulting from the proposed development known as and documented in *Traffic Impact Analysis Report, New Self-Storage Facility, 868 Queen Street*, dated May 2018. The project site is located in Kaka’ako, Oahu, Hawaii as shown in Figure 2 of the subject project TIAR.

The following is a summary of the methodology, findings and recommendations of the TIAR:

The TIAR analyzes the potential traffic-related effects of the proposed cumulative development of the subject project. Traffic conditions were evaluated for the following conditions: Existing, Year 2020 Without Project, and Year 2020 With Project (date of expected completion as known at the time of TIAR preparation). Traffic projections were based on the Institute of Transportation Engineers (ITE) methodology and on historical traffic data obtained from the State Department of Transportation. Intersection capacity analyses were performed to identify the traffic operational impacts to the surrounding intersections as a result of the proposed development.

Existing Conditions

Field investigations were conducted in April 2018, and included traffic demand surveys between the weekday morning commute peak hours of 6:00 and 9:00 AM and afternoon commute peak hours of 3:00 PM and 6:00 PM at four intersections in the vicinity and surrounding the project site.

Projected Traffic Conditions

Based on historical regional traffic growth, development of other projects in the region, and anticipated traffic generation as a result of the proposed project, several recommendations are provided to mitigate potential project-related traffic impacts. The recommendations include the following:

1. Provide sufficient driveway width to accommodate safe vehicle ingress and egress.
2. Provide adequate turning radii at all project driveways to avoid or minimize vehicle encroachments to oncoming traffic lanes.
3. Maintain adequate sight distances for motorists to safely enter and exit all project driveways.
4. Provide adequate on-site loading and off-loading service areas and prohibit off-site loading operations.
5. Provide adequate turn-around area for delivery and refuse vehicles to maneuver on the project site to avoid vehicle-reversing maneuvers onto adjacent public roadways.
6. Consider restricting on-street parking along the project frontage to ensure adequate sight distances for vehicles entering and exiting the project site.
7. Provide measures such as security gates or similar devices that will restrict cut-through movements between Queen Street and Kawaiahao Street.

The proposed New Self-Storage Facility at 868 Queen Street as assessed in the TIAR entails the construction of a five-story building and two single-story buildings to house approximately 128,000 square-feet of self-storage space and associated ancillary uses. With the implementation of the identified recommendations, and the relatively low traffic-generating characteristics anticipated by the project, traffic operations at the study intersections surrounding the project site with the proposed self-storage facility are expected to continue operating at levels of service similar to without project conditions. The total traffic volumes entering the study intersections along Queen Street and Cooke Street are expected to increase by less than 1% during both commute peak periods. These increases in total traffic demand are in the range of daily traffic volume fluctuations along the surrounding roadways and represent

a minimal increase in the overall traffic volumes in the region. As such, the proposed project is not expected to have a significant impact on traffic operations in the vicinity.
