AREA OF EXPERTISE

Michael brings to Colliers International over 30 years of marketing and marketing research experience. Michael has directed research efforts at commercial brokerages with a focus on providing information to assist in strategic decision making for real estate investors and brokerage clientele. Through Michael's efforts, Colliers set the industry standard for commercial real estate analysis in Hawaii.

In addition to managing the primary and secondary research efforts in the collection of commercial office, retail and industrial market information and statistics, Michael established the company's real estate consulting division. Utilizing market factors such as: vacancy rates, absorption, net effective rents, and sales comparables, this consulting unit is able to advise developers, investors, property owners, and tenants on current and projected market trends.

Colliers Hawaii continues to provide meaningful insightful analysis for investors, developers and financiers. During Michael's tenure, Colliers provided assistance for more than \$2 billion in commercial development and investment activity throughout the state of Hawaii.

Central Pacific Bank, Bank of Hawaii, American Savings Bank and First Hawaiian Bank call upon Michael to provide their clientele, investors and bank personnel with quantitative and qualitative insights on current and projected economic cycles and their impact on real estate.
