

ADAM WOLTAG

AIA, LEED AP / Partner

Adam approaches each design challenge by searching for a balance between the poetic and the pragmatic — beauty meets budget, program, and site. The places he crafts respond to the natural environment and function sustainably, with a lasting elegance that does more with less. These qualities of his work have been recognized with numerous publications and awards, including two AIA Committee on the Environment (COTE) Awards for Sonoma Academy Janet Durgin Guild and Commons and Watsonville Water Resources Center.

REGISTRATION

Licensed Architect, California (C31511)
Licensed Architect, Hawai'i (AR-18327)

EDUCATION

Master of Architecture,
Southern California Institute of Architecture

Bachelor of Architecture,
Arizona State University
