I think this would be a great addition to the neighborhood because the community is expanding and that means more people with dogs that need a space to socialize with other dogs in a controlled setting.

It's become increasingly clear that our community is home to numerous dogs with few opportunities to get their exercise and play time while off leash. The intended area for development would be an optimal spot, in terms of location and that it currently isn't being utilized by our residents (at least based on the instances I've observed).

<p>Aloha, I have lived on Oahu all my life and I have been living in Kakaako/Ward neighborhood for the past 10 years.</p> <p>The amount of changes that are being made to this neighborhood has been nothing short but remarkable.</p> <p>Even before owning my Golden Retriever puppy I always enjoyed seeing this part of town become more pet friendly.</p> <p>With more and more condominiums being erected in this part of town that allows pets it makes perfect sense to incorporate a new dog park at Kolowalu.</p> <p>Getting to know the dogs and owners in this community over the years has made me and my family feel safe and a sense of a true home.</p> <p>The people of this community and those who are welcomed and aspire to join it all deserve a space where their four legged friends can run around free and safe.</p> <p>There are only two parks where dogs are allowed but only on leash in this neighborhood and thats Kolowalu Park and Victoria Ward park and both parks are usually flooded with families, especially with keiki, daily.</p> <p>Although dogs and keiki being amongst each other is always adorable it is still better for the safety of the</p>

children to have a place for dogs that is separate so that all can play without worrying of a potential accident. Plus no parent wants their keiki sharing a play area where dogs pee and poop.

I believe the people of this community will be forever grateful for a new dog park at Kolowalu because the community is expanding rapidly which includes more furry friends for many years to come.

Especially since Ala Moana Beach Park, the second largest public park on this Island, prohibits dogs from being on park grounds. The people that reside here now and those who will in the future need a place for their pups.

This community has an outstanding amount of dog owners who bring their dogs to Kolowalu park on a daily basis. The need for a dedicated area where dogs can be off lease would benefit the community so much for the safety of the dogs, owners and other users of the park.

My husband and I live in Waipio but we bring our dog to town every now and then and there's no official "dog park" to bring him to so we can let him run. We also do not like the Waipio dog park. The only dog park that's off-leash that we can go to is the one in Mililani. This is so necessary to appeal to more families in Hawaii, bring in more revenue to local businesses, and more unity in the islands and neighborhood.

Comment
<p>The need for an enclosed, off-leash dog park in the Ward Village/Kaka'ako area is great. There is a very large community of dogs/owners and there is no place locally to have a dog enjoy being off-leash and keep the current two parks: Kolowalu Makai and Victoria Ward Park (by the movie theaters) clean for others. With Howard Hughes -- who should really be funding and maintaining any park in the area since they are building more and more and more condos - where residents will surely relocate to WITH THEIR DOGS -- as the community grows into a work-live-play one - dogs need a place to enjoy as well....especially given that dogs are not supposed to go to Ala Moana Regional Park.</p> <p>So the need is serious and wanted by so many - as evidenced by those who attended the Speaker Scott Saiki's Dog Park Rally Saturday, July 2 at Kolowalu Park Makai!!</p> <p>The funding has been secured by Speaker Saiki -- we just need those at this meeting to vote YES, to give final approval for this project.</p> <p>Thank you very much for your support.</p>

It is extremely important to have a dog park in my Kakaako neighborhood. The number of buildings that have been built or are in the process of being built need a dog park. Every condo in Kakaako is pet friendly yet their buildings' dog park is generally tiny.
This will also help deter the homeless from living in Kolowalu Park.

The community need for not just this dog park but for the improvement of mother Waldron dog park is highly needed and appreciated. Many of us walk our dogs in the area and need a place to safely let them off leash to run. There are also many kids and families in the area and this ensures that the ones who are less comfortable with dogs have safe play places as well.

Hello! I support the building of the Kolowalu Dog Park because I can't think of a better use of space. Our community is so important to Ward Village and a bit part of our community are our furry friends. We gather every day at Victoria Park and would love nothing more than another, enclosed area to meet, connect, and get our dogs outside.

Thank you very much!

I walk my dog, Winnie, at least once a week over to the Ward/Kaka'ako neighborhood to get some exercise and socialize her with other dogs. Of course, I keep her on the leash at all times when we are outside, but this often makes for strained encounters with other dogs and people, wherein leashes get tangled and dogs are not able to move about freely and comfortably when socializing. Off-leash parks allow our canine friends freedom of movement to give distance when needed and space to safely play and explore. Having this off-leash dog park would greatly impact where I choose to take my dog for walks and offer us more exercise options. I could also see myself and others spending more time and money in the various Ward shopping establishments should this off-leash park be built. With so few dog parks in the immediate area, I see the Kolowalu Dog Park becoming our go-to place for outdoor activity. My wonderful and well-behaved Winnie would love a new place to play.

It will be good for the community to have a dog park, a place where dogs can go off leash.

It would be nice to be able to unleash my dog and have him run around and play with other dogs. The pet area at the condo in which I reside is quite small and uses astroturf.

Aloha,
I support the development of the proposed dog park at Kolowalu. Adding a dog park here will be very beneficial to the neighborhood and the broader community. As the neighborhood continues to grow with the opening of many planned residential buildings, HCDA should continue to support projects like this that enrich the community.
Regards,
David Rucker

Comment

Dog parks create value in the neighborhood, especially when they can go safely off leash. There are a lot of dog owners in the area, so this park will be very beneficial - bot just to dog owners, but to families and parents of kids as well.
