

2022 Achievements

Kāko'o 'Ōiwi

Projects

1) Education

Approximately 89 groups of public and private schools visited, with about 3,500 total participants

Keiki working in previously cleared mangrove.

2) Continuing community outreach

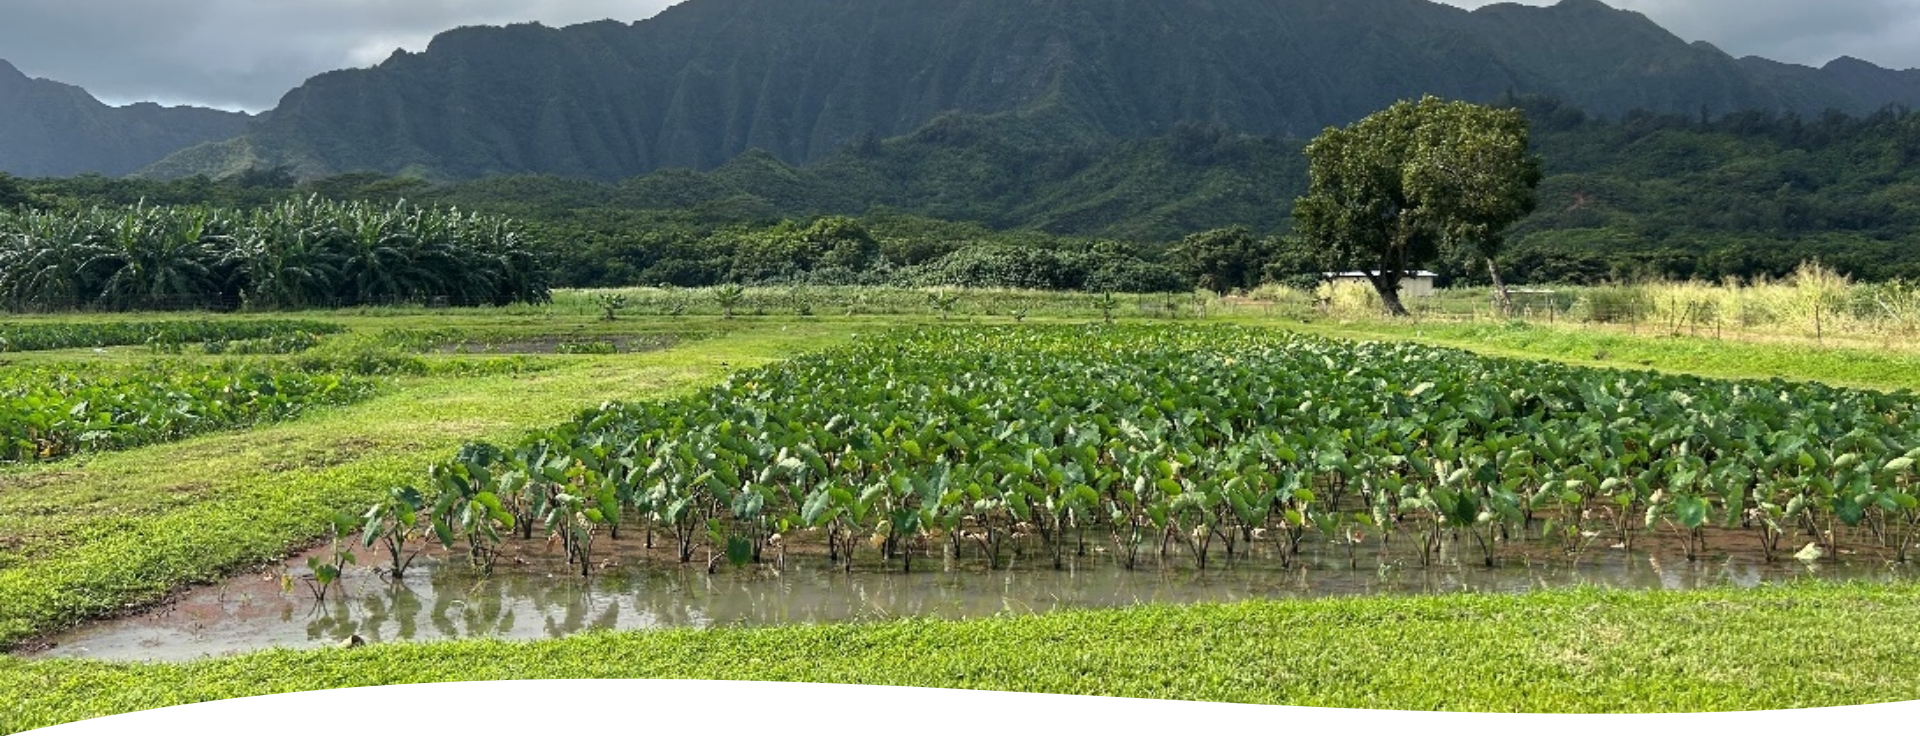

In 2022, there were over 32 community workdays and 198 volunteer events, with approximately 6,000 volunteers and over 20,000 service hours.

Image of Hale Pepeiao, the Mushroom Shed.

3) Special Programs

- Construction of Opu Nui (poi mill and certified Kitchen) completed and approved by DOH.
- Hoolauana, the Washpack/Rootwash Station remodeling is ongoing .
- Hale Pepeiao , the Mushroom Shed construction is underway.

4) Aina Restored

70 acres of wetlands and taro patches are in a restoration or management phase. These areas include mangrove removed area, natural wetlands, Loi kalo and restoration of food forests.

This partnership is with the Koolaupoko Hawaiian Civic Club, NOAA, NERR, DAR, USFWS, UH Manoa, UH HIMB, Paepae o Heeia, Kamehameha Schools, and private Non-profit organizations.

Within the 30 acres of land is a managed contemporary ahupuaa, containing over 13 nests of native birds.

5) Food Sustainability

We have been able to share over 20,000 pounds of food, a value of over \$120,000 with our community and supporters, Heeia community, Koolaupoko Hawaiian Civic Club, Lunalilo Home, Kokua Kalihi Valley, Hawaii Food bank, and restaurants.

Kalo being prepared for Poi.
