Presentation by HCDA Staff on the Proposed Measure, Referred to Below, for the 2024 Legislative Session to Be Included in the Governor’s Administrative Package of Bills.

- a. **HCDA Assistance Bill. This Measure Amends Section 206E-18, Hawaii Revised Statutes, to Clarify that the Hawaii Community Development Authority May Render Services to Assist and Enter into Cooperative Agreements with Other State and County Agencies Upon Request for Projects Within and Outside of Designated Community Development Districts.**

Executive Director Nakamoto presented HCDA’s proposed measure. As part of HCDA’s strategic plan, the board recognized that staff’s expertise and experience in planning, development, and infrastructure development can assist other state agencies in such areas. The current language in the statutes allows for that, however, the current legislative proposal clarifies HCDA may assist other state and county agencies by entering into Cooperative Agreements or by a Memorandum of Understanding (MOU) to assist with infrastructure development or other projects like construction management. He added that this legislative proposal is a housekeeping measure for clarification.

Chair Ishii asked, for clarification, what are the current cooperative agreements or MOU’s that HCDA has.

Executive Director Nakamoto responded; HCA is working on the following:

1. MOU, in progress, with the Department of Corrections and Rehabilitation for the Women’s Correctional Community Center for Construction Management and Development of a Kitchen Facility.
2. MOU with Department of Land and Natural Resources (DLNR) to complete a feasibility and market study for feasibility land uses for the Banyan Drive area – Waiakea Peninsula.

Vice Chair Higa commented this legislative proposal is a great idea and encourages HCDA and its staff to be available to assist the County agencies in Maui to help with construction to rebuild Lahaina. He added the need for infrastructure on Maui is huge and the ability to attract and retain talent in terms of staff is a challenge; assistance from HCDA to help at the County level will be very important.

Executive Director Nakamoto thanked and commended staff in being open to take on the additional work.

Chair Ishii added that HCDA should be sensitive to the fact that we have a small staff of 20 individuals and can be quite a challenge sometimes.

Member Rae asked if there is a provision in the current law or in the proposed statute that permits HCDA to request or be compensated by the County or state agency that HCDA may be assisting?

Executive Director Nakamoto stated that there is no such provision in the current legislative proposal, however, as we enter specific MOU's HCDA will negotiate fees for the services and will try to negotiate these – depending on the situational needs.

Member Rae suggested that HCDA may want to make it clear in the proposed legislation that additional requests for compensation may occur and be authorized. He added to Chair Ishii's comment regarding adequate staffing and stated that it could be really easy for staff to be stretched, too far, if there were no compensation by the legislation or the county and agency that you are assisting.

There were no further questions or comments.

Public Testimony

Chair Ishii called for public testimony.

There were no inquiries to provide oral testimony, and no written testimonies were received.
