

FOR INFORMATION & DISCUSSION

I. SUBJECT

Update by HCDA Staff on the Proposed Amendments to the 2006 Kalaeloa Master Plan and 2012 Kalaeloa Community Development District Rules, Chapter 15-215, *Hawaii Administrative Rules*, and Revised Schedule for Presentation and Decision-Making Hearings Pursuant to Chapter 91, *Hawaii Revised Statutes* (HRS), and Chapter 201M-2, HRS.

II. BACKGROUND

The Kalaeloa Master Plan was completed by the Hawaii Community Development Authority (“HCDA”) in March 2006.¹ Title 15, Chapter 215, *Hawaii Administrative Rules* (“HAR”), Kalaeloa Community Development District (“CDD”) rules took effect on October 27, 2012.² Updates to the master plan and rules began in 2019 with the assistance of the consulting firm, Torti Gallas+Partners (“TG+P”).

Since the previous presentation hearing on August 7, 2024, HCDA staff have made some edits to the plan and rules in response to agency and stakeholder feedback. Revised drafts of the plan and rules were circulated on July 31, 2025. Feedback on the revised draft is already being received and considered by HCDA staff. The deadline for comments to be incorporated in the final draft is September 17, 2025.

III. DISCUSSION

Since the publication and presentation of the July 2024 draft plan and rules, HCDA staff have been addressing comments from other agencies, landowners, and community stakeholders. Among the proposed adjustments include slight revisions to the land use plan, including shifting potential urban center land uses (“T5”) from the historic downtown core of Kalaeloa up to Roosevelt Avenue. Other land use changes involve Board of Water Supply and authority lands which are proposed for redesignation to mixed-use activity transect zoning (“T3”). The maximum allowable density in mixed-use transects would be slightly increased from a floor area ratio (“FAR”) of 1.25 to 1.5. The maximum density for T5 is proposed to be increased to an FAR of 4.5.

The proposed rules are now more closely aligned with requirements in the City and County of Honolulu Land Use Ordinance (“LUO”). Because local architects and developers are already familiar with LUO requirements, these updates should facilitate more efficient development. Provisions for joint or split-zone development have also been added and aligned with the LUO. Other form-based zoning code requirements have been simplified. The proposed rule amendments also include other clarifications and improvements, and permit streamlining and simplification.

The designations for special district transect zones, which are exempt from HCDA development standards due to federal ownership or control for aviation, military, or other purposes, were renumbered and expanded to include parcels owned by the Department of Hawaiian Home Lands, are governed by the Hawaiian Homes Commission Act of 1920.

Proposed updates to the Kalaeloa Master Plan now include additional discussion about historic resources and illustrative concepts to preserve and interpret the ‘Ewa Plain Battlefield, which was listed on the National Register of Historic Places in 2016. The thoroughfare plan has also been updated to clearly eliminate roadways through the historic ‘Ewa Battlefield. At the same time, the current iteration of the thoroughfare plan establishes roadway access to developable parcels throughout the Kalaeloa Community Development District and allows for future connections to the larger ‘Ewa region.

The current draft plan and rules are available for public review via the HCDA website <https://dbedt.hawaii.gov/hcda/kalaeloa-plan-and-rules/>. Any comments on the draft plan and rules may be submitted via email to dbedt.hcda.contact@hawaii.gov, but must be received by September 17, 2025.

IV. SCHEDULE

Presentation Hearing: Wednesday, September 3, 2025 at 9:00 a.m.

Decision-Making Hearing: Wednesday, November 5, 2025 at 9:00 a.m.
