§15-313-10 Selection of application; reservation of credits. (a) Based on the review of the applications, documents, and any additional information submitted by the applicants or obtained from other sources by the corporation, the executive director shall make a determination as to the likelihood of the applicant being able to qualify for the credit under the Code and the corporation's qualified allocation plan. The executive director shall then prepare a recommendation to the board for a reservation of federal tax credits for applications selected pursuant to the corporation's qualified allocation plan.

(b) The board shall review the recommendation of the executive director for the reservation of federal tax credits, and, if the board determines that the project will contribute to the housing goals of the State, it may approve the application and authorize the executive director to reserve an appropriate amount of credits to the applicant, subject to such terms and conditions as it shall deem necessary or appropriate to assure compliance with the Code and these rules. The board shall either approve, defer, or deny applications received no later than sixty days after an application with required exhibits is deemed complete and satisfactory by the executive director.

(c) Upon the board's approval of a reservation of federal tax credits to an applicant, the executive director shall notify the applicant of the federal credit reservation by issuing a commitment letter which shall outline any terms and conditions imposed with respect thereto.

(d) If the board determines to defer an application for a reservation of federal tax credits, such application shall remain active. If the board determines to disapprove an application, such application shall be considered null and void. Deferred applications may be brought back before the board as determined by the executive director but such applications shall become null and void at the end of each calendar year if not brought back before the board for further action. Applicants whose applications have been deferred by board action shall be notified within seven days of their applications being reheard before the board and within ten days of the end of the calendar year if such applications have not been reheard and have therefore become null and void.

(e) When a federal credit reservation is approved, the executive director shall require the applicant to make a good faith deposit with the corporation of an amount equal to ten per cent of the federal tax credit reserved to assure that the applicant will comply with all requirements under the Code and these rules for allocation of the federal tax credits. Upon allocation of the federal tax credits, a portion of the ten per cent good faith deposit shall be retained by the corporation as an administrative fee and the remainder refunded. The amount of the administrative fee to be retained shall be established each calendar year effective January 1.

Upon the cancellation by applicant or withdrawal by executive director of a tax credit reservation, applicant is entitled to a refund of the good faith deposit less the corporation's administrative fee provided that the credits withdrawn or canceled are reserved for another project. No deposits shall be refunded other than as provided in this paragraph. [Eff 4/23/10; comp **JAN 15 2022**] (Auth: HRS §§201H-4, 201H-15) (Imp: HRS §201H-15; 26 U.S.C. 42(h)(3)(c); 52 Fed. Reg. 23433 §1.42-1T)

§15-313-11 Withdrawals and cancellations. (a) An applicant may withdraw an application for federal credit reservations prior to receiving a reservation from the corporation, or may cancel a reservation or an allocation after award, by submitting a written notification to the corporation of the withdrawal or cancellation.

(b) After a federal credit reservation has been made, an applicant desiring to increase the amount of credits because of an increase in the qualified basis must reapply to the corporation in accordance with section 15-313-8 and such application will be considered on the same basis as other applicants for any available credits.

(c) In the event of a cancellation of a federal credit reservation or an allocation by the applicant, or the withdrawal of federal credit reservations by the executive director, available federal tax credits may be reallocated to other qualified applicants in accordance with the provisions of these rules. [Eff 4/23/10; comp **JAN 15 2022**] (Auth: HRS §§201H-4, 201H-15) (Imp: HRS §201H-15; 26 U.S.C. 42(h)(3)(c); 52 Fed. Reg. 23433 §1.42-1T)

§15-313-12 Issuance of form 8609. (a) When the low income housing units in a project are placed in service, the applicant shall so advise the corporation, and shall request in writing on such forms as the executive director shall prescribe the issuance of any form 8609 for which federal credit reservations have been made pursuant to these rules, and shall submit such revised eligibility determinations, calculations, certifications, legal and accounting opinions and any other documentation (including evidence that the low income housing units will be occupied within the time period required by the Code) as the executive director may require in order to determine whether or not the applicant is entitled to the credits under the Code and these rules. The corporation shall conduct a final evaluation of the project prior to the issuance of the form 8609 to determine the project's eligibility under the Code. In addition, such final evaluation shall ascertain the amount of tax credits required for the financial feasibility and viability during the credit period of the project.

(b) If the executive director determines that the applicant is entitled to the amount of federal tax credits reserved, the executive director shall allocate the credits accordingly and a form 8609 shall be issued to the applicant in accordance with the requirements of the Code.

(c) If the executive director determines that the applicant is not entitled to all or any portion of the credits, the executive director shall allocate credits in an amount which does not exceed the amount of credits for which the applicant is entitled and the applicant shall be so notified. Federal tax credits reserved, or any portion thereof, but not allocated may be reallocated to other qualified applicants in accordance with the provisions of these rules.

(d) A form 8609 issued by the corporation will be effective only with respect to a qualified project placed in service during the calendar year for which the tax credit is allocated or in the following year in the event of a carry forward allocation, and only to the extent that the Internal Revenue Service gives effect to the form 8609. [Eff 4/23/10; comp **JAN 15 2022**] (Auth: HRS §§201H-4, 201H-15) (Imp: HRS §201H-15; 26 U.S.C. 42(h)(3)(c); 52 Fed. Reg. 23433 §1.42-1T)

§15-313-19 Determination of State's aggregate housing credit dollar amount. The State's annual aggregate housing credit dollar amount shall be equal to the State's housing credit ceiling for such year. [Eff 4/23/10; comp **JAN 15 2022**] (Auth: HRS §§201H-4, 201H-15) (Imp: HRS §201H-15)

§15-313-20 General. (a) The state low income housing tax credit awarded on or before December 31, 2016 shall be fifty percent of the applicable percentage of the qualified basis of each project located in the State. Applicable percentages shall be calculated as provided in section 42(b) of the Code. The state low income housing tax credit awarded after December 31, 2016 shall be fifty percent of the federal credit reservation, and may be claimed over a five-year period.

(b) The aggregate amount of the state tax credits allocated within any calendar year within the State may not exceed the State's aggregate housing credit dollar amount for that year.

(c) An amount equal to ten per cent of the state aggregate housing credit dollar amount shall be set aside for qualified non-profit organizations. Additional credits may be reserved or allocated to qualified non-profit organizations from the State's remaining allocation but only after such set-aside amount has been exhausted.

(d) State tax credit reservations and allocations are counted against the state aggregate housing credit dollar amount for the calendar year in which the credits are allocated.

(b) In recommending projects for state credit reservations, and in awarding state credit reservations, under this subchapter, the executive director or the board, as the case may be, need not weigh the factors in section 15-313-10 in the identical manner as such factors were weighed in determining an applicant's reservation or allocation of federal tax credits. In considering applications for state tax credits, the executive director and the board may also consider the amount of federal credit that has been reserved or allocated for such applicant in order that the corporation may award available state tax credit incentives so as to maximize the number and quality of low income housing units.
